

Networking & Lobby

Migrant labourer's awareness and lobby for the basic facilities like sanitation/safe drinking water etc. these are we will ensure to reach for these communities through govt. And also we will make sure all are having Labour Card for their basic rights/benefits and access to insurance etc. across India which comes under labour act. (In this we have enrolled 2250 labourer and out of 1500 have taken various benefits during their stay in Bangalore)

We were the second NGO who did this enrollment in Karnataka and made 1 Lakh Rs. Benefits to reach out to the people during Shri Bacche Gowda Labour Minister. The entire concept was surrounded by Social Security concept for these migrant communities. And also any accidental issues for these people we are having tie up with other NGO's who will make sure to get all medi-claim etc. Ashankura also intervened for death compensation for these communities through various legal compliances.
